Adatta per la lavorazione di pannelli laminati o impiallacciati su uno o due lati. Il taglio inclinato verso l'interno evita la scheggiatura sul laminato.

Designed for jointing or copy-shaping of board materials veneered or laminated on both sides. Knives shearing outside to inside prevent tearouts or splintering of edges.

Particulièrement adaptée au travail de panneaux laminés ou plaqués. La coupe inclinée vers l'intérieur empêche de faire éclater les arêtes.

Konstruktion mit von außen nach innen ziehendem Schnitt (Achswinkel). Geeignet zum Fügen und Kopierfräsen von beidseitig furnierten oder kunststoffbeschichteten Platten. Durch geteilten und ziehenden Schnitt wird ein Ausreißen der Kanten verhindert.

Recomendada para la mecanización de tableros laminados en uno ó en ambas superficies. El corte inclinado hacia el interior evita resquebraduras en el laminado.

FRESE PIANE PER CONTORNARE CON LEVASPIGOLI 45°/ RAGGIO

-  - JOINTING CUTTERHEADS WITH CORNER REMOVERS AT 45° OR RADIUS
-  - PORTE-OUTILS A RABOTER ET DRESSER AVEC SUPPRIMEANGLES À 45° OU RADIES
-  - FUGE-MESSERKOPFE MIT ENTKANTERN ZU 45° ODER RADIAL
-  - FRESA CORTE RECTO PAR CONTORNEAR CON ACHAFLANADORES A 45° O CON RADIO
